1. The fastest way to create a Portal Account is to locate a previous license file e-mail from [\\*camcadtech.com](http://*camcadtech.com) with the Subject Line of "**Vero Delivery Note for {YOUR COMPANY}**" – see figure 1 below:

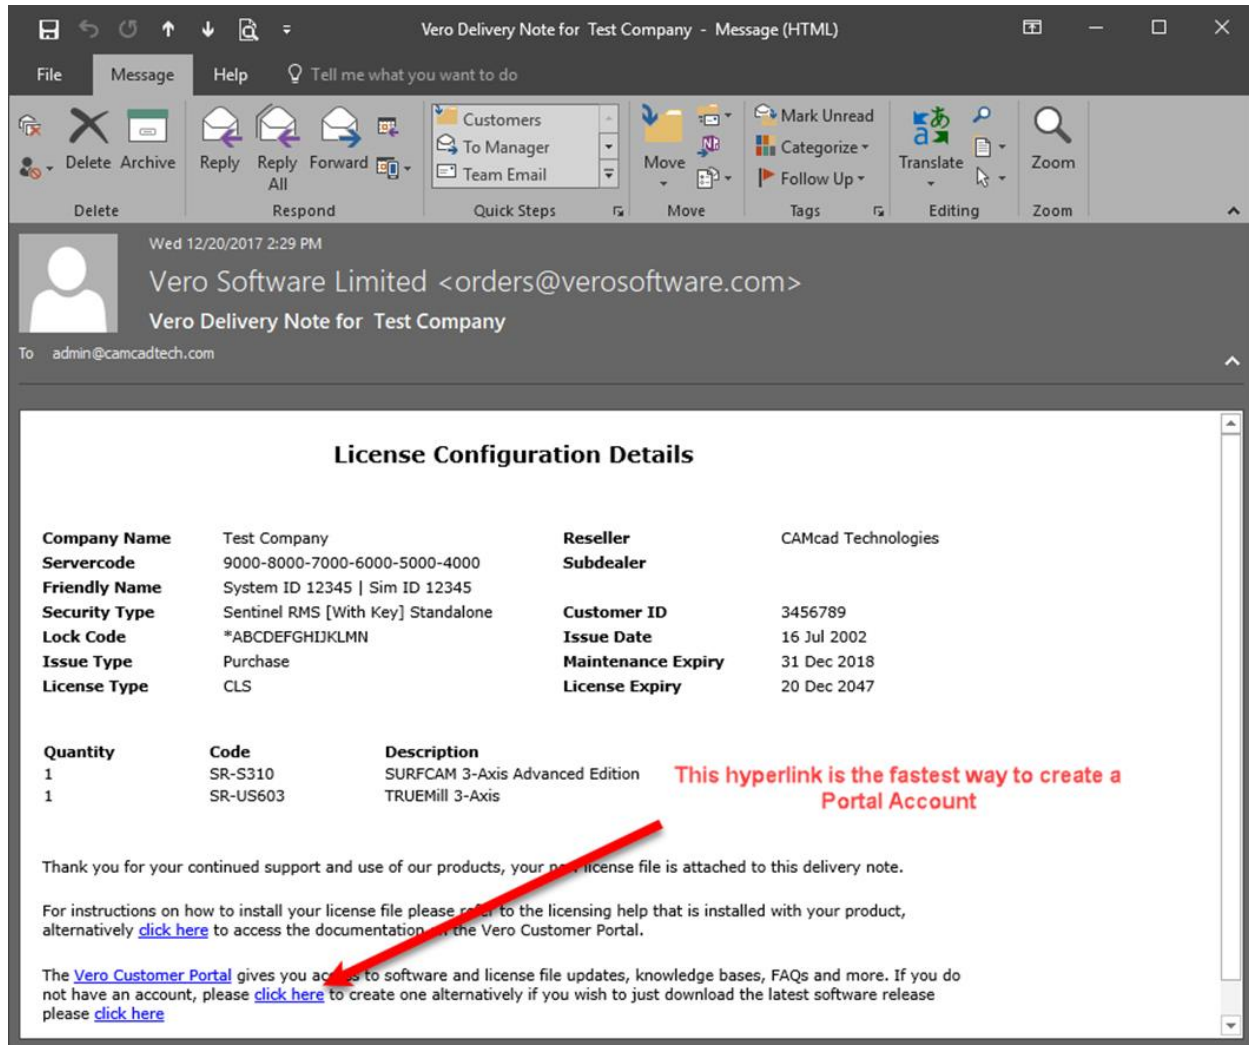

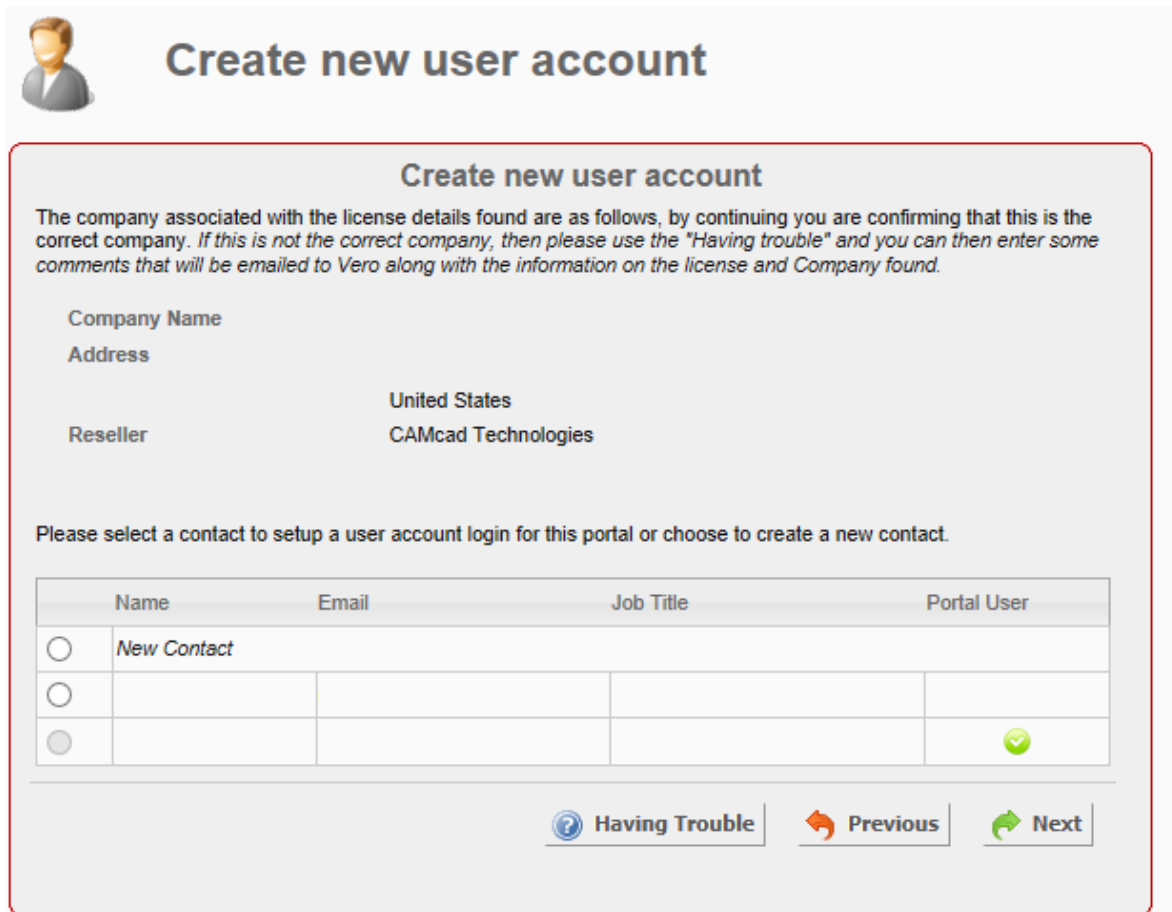

Figure 1

2. Click the Hyperlink near the bottom of the e-mail that reads "**If you do not have an account, please click here**" as noted with the red arrow in Figure 1 above.

**CAMCAD-VeroPortalAccess.doc**

- This will open your browser to the Portal's Create New Account page, pre-populate your Company information, and display any existing Portal Users for your company as shown below in Figure 2. If your name appears you can select it, or you can select "**New Contact**" and complete the registration process.

**Create new user account**

The company associated with the license details found are as follows, by continuing you are confirming that this is the correct company. If this is not the correct company, then please use the "Having trouble" and you can then enter some comments that will be emailed to Vero along with the information on the license and Company found.

Company Name  
Address  
United States  
Reseller CAMcad Technologies

Please select a contact to setup a user account login for this portal or choose to create a new contact.
